

Servant Leadership Training Course

Description

Introduction

Servant leadership is a philosophy that emphasizes the leader's role as a servant first, prioritizing the growth and well-being of individuals and communities. This course is designed to equip participants with the skills and mindset necessary to practice servant leadership effectively. Participants will explore the principles of servant leadership, the importance of empathy and collaboration, and strategies for empowering teams. Through interactive discussions, case studies, and practical exercises, this training will empower leaders to foster a culture of service, trust, and collaboration within their organizations.

Objectives

By the end of this course, participants will be able to:

1. Understand the core principles and philosophy of servant leadership.
2. Develop empathy and listening skills to better support team members.
3. Create a culture of trust and collaboration within their teams.
4. Implement strategies for empowering and developing others.
5. Assess their leadership style and identify areas for growth as servant leaders.
6. Communicate the value of servant leadership to stakeholders effectively.
7. Create actionable plans for integrating servant leadership practices into their organizations.

Who Should Attend
